Your Stories

We all have a story. What’s yours?

The Spondylitis Association of America has been asking this question for many years. And while the question remains the same, the answers never do. We ask this question because each of us affected by spondylitis has travelled a different path, faced different challenges and overcome different obstacles in the journey to get where we are today. And each and every story is a story of hope.

Throughout this report, you will see photos of people living with spondylitis and quotes from their stories. These stories demonstrate that – while we may share a common goal, we each take our own path.

To submit your story, email Elin Aslanyan, Programs Director at elin@spondylitis.org.

About the Spondylitis Association of America

The Spondylitis Association of America (SAA) was founded in 1983 by people affected by spondylitis. Prior to that time, there was no support network, no resource for educational materials, not even a single pamphlet for people diagnosed with the disease. SAA was the first and remains the largest resource in the U.S. for people seeking information on anklylosing spondylitis and its family of related diseases. Our mission is to be a leader in the quest to cure anklylosing spondylitis and its family of diseases, and to empower those affected to live life to the fullest.

“You must live well and stay active no matter what”
Advancing medical research and improving the lives of spondylitis patients everywhere means responsibly raising the funds needed to support scientific study and provide educational and emotional support to the community. This is a substantial commitment. The Spondylitis Association of America depends upon the generous contributions from individuals, foundations, and corporations to meet its annual operating budget and to fund research as well as special programs and services.

As the largest nonprofit organization in the U.S. dedicated to improving the lives of the spondylitis community, SAA is committed to being efficient, effective, and responsible stewards of your contributions.

SAA ranks as a 4-Star charity with Charity Navigator, America’s premier evaluator of nonprofit organizations. The rating is Charity Navigator’s highest and most prestigious, signifying that SAA outperforms most other charities in America in its efforts to efficiently manage its finances (your donations).

Charity Navigator was founded to give donors the type of information they need to be more discriminating about the charities they choose to support. The organization provides the data needed to evaluate accountability, transparency, and quantifiable results. SAA was rated tops in all categories.

This “exceptional” rating from Charity Navigator differentiates SAA from its peers and demonstrates to our members, donors, and friends that the organization is worthy of the trust they have shown us.
“I have AS but I feel that as long as I remain in the best possible shape, AS will never have me.”
Corporate Sponsorship

The corporate membership program provides a way for the Spondylitis Association’s pharmaceutical members to make a positive impact on the lives of those in the spondylitis community by contributing to SAA's general operating budget. SAA also receives additional corporate support for special programs such as the live patient education seminars. SAA consistently receives the highest ratings available to charitable organizations, with 100% of our funding going to further the nonprofit mission on behalf of the 2.7 million people living with spondylitis in the U.S. The following pharmaceutical companies are current corporate members.

We thank the following companies for their generous support:

The Quest Legacy Society

The Quest Legacy Society recognizes those individuals who have taken the special step to include SAA in their estate plans through charitable bequests, trusts, insurance or other forms of deferred giving. Among our most valued supporters, members of the Quest Legacy Society are determined to ensure a future wherein SAA can continue to fund medical research, produce educational programs and advocate on behalf of the spondylitis community beyond their own lifetimes. The planned gift bestows upon all those affected by the disease, their families, and the future generations a reason for hope. Information about the Quest Legacy Society can be found at spondylitis.org/quest.

SAA is honored to recognize these Quest Legacy Society members:
