Hi <<First Name>>! - eSUN - September 2015 - SAA Supports Treatment Guidelines, Research News, Upcoming Seminar, Support Group Meetings and More...

Presenting the first ever Treatment Guidelines for US physicians in ankylosing spondylitis and non-radiographic axial spondyloarthritis

Did you know that up until now there were no protocols, no true guidelines for doctors in the US in treating AS and AxSpA? They were simply never created. Thankfully that has just changed. We have been working on this issue for years and now our work is paying off.

September is Pain Awareness Month

Untreated and under-treated pain is a huge public health issue that has far-reaching impact in countless areas of life for those suffering in pain. As many as 19% of adults in the US are experiencing chronic pain. If you're one of those 19% of Americans, we want to hear from you, and in this article are sharing with you voices of others who can relate.
