Clinical Research Study Opportunity for Adults Recently Diagnosed with Axial Spondyloarthritis or Ankylosing Spondylitis

The following is an announcement from SAA about a third party clinical research study. SAA is not affiliated with this study, the researchers, or the drug manufacturer.

A clinical research study is now recruiting ankylosing spondylitis and axial spondyloarthritis patients between the ages of 18 – 45 who have been experiencing symptoms for less than 5 years.

Learn More About The Study >>>

In case you missed it: What Is Axial Spondyloarthritis (AxSpA)?

A relatively new term has been seen more and more in medical literature over the past few years: Axial spondyloarthritis (AxSpA).
